\$800,000 Needed For New Center **EC Student Wins Cosmetology Award**

Construction of a \$4 million diagnostic and treatment center is nearing completion at Orthopaedic Hospital in Los Angeles with some \$800,000 still to be raised for the new facility. More than \$1.7 million has been raised in Southland communities in the two-year fund drive.

Contributions to the hospital, which serves crippled children throughout Southern California, may be mailed to Orthopaedic Hospital, Los Angeles 90007.

Fifth place winner in the senior division of the Student Hair Styling Contest in Los Angeles was Mrs. Karen Patton, an El Camino cosmetology student from Torrance.

If your decorating dream is to use the antique phone you found in Great Aunt Agatha's attic or the one you found in a local store, the chances are we can hook it up and make it talk for you.

We've designed standard operating parts which can be put in many of these decorator phones to assure you good telephone service. Just contact the Business Office. We'll check your phone and, if the standard parts will fit without modification, we'll install the parts and hook it up. There's a one-time charge of \$10, but no extra monthly charge for the decorator phone—only the regular monthly charge for main or extension service.

If the standard parts do not fit your phone, we'll modify it, install the parts and hook it up. In this case, the one-time charge is \$25. Although you own and maintain the exterior housing of your decorator phone, we'll continue to maintain the internal telephone parts just as we do with our regular telephones. We have given the dimensions of our standard parts to some manufacturers of "antique" and other decorator phones to help them make phones in which our standard parts will readily fit.
